A temporary license may be issued for an interim period of ninety (90) days while the application for renewable licensure is being processed. Instructions for temporary licensure are included.

The following must be on file with the Board of Nursing to determine your eligibility for licensure in Idaho. (All documents become the property of the Board and may be destroyed, without further notification, if the application is not completed within one year.) Documents requiring notarization may NOT be received by FAX.

Dear Applicant for Licensure by Interstate Endorsement or Reinstatement:

On July 1, 2001, Idaho became a member of the Nurse Licensure Compact. Other states include Arizona, Arkansas, Colorado, Delaware, Iowa, Kentucky, Maine, Maryland, Mississippi, Missouri, Nebraska, New Hampshire, New Mexico, North Carolina, North Dakota, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia, and Wisconsin.

Under terms of the Nurse Licensure Compact, nurses may hold a license to practice issued by their state of residence, if that state is a Compact state, and are granted the privilege to practice in other Compact states without holding separate licenses in those other states. If you reside in a Compact state, you may hold a Compact state license only in your declared state of residence; you may not be licensed in any other Compact state. If you reside in a state that is not a member of the Compact and you apply for licensure to practice in any Compact state, you will be issued a license by the individual Compact state that will be designated as valid for practice only in that state.

If you are applying for licensure in Idaho and indicating a mailing address in another Compact state, it is imperative that you inform the Idaho Board as to which scenario best suits your particular situation, to ensure that appropriate procedures are followed in issuing your Idaho license or in directing you to contact the appropriate state(s) to apply for and receive a license.

Please note, if you are in the process of moving to Idaho and declaring Idaho as your state of residence, you must provide the Idaho Board with an Idaho address within 30 days of relocating to this state. Upon notice of address change, licenses held in any other Compact state will become invalid.

More information regarding the Nurse Licensure Compact is available on the National Council of State Boards of Nursing web site at http://www.ncsbn.org. If you have questions about your application, please contact the Board at (208) 334-3110 ext. 21.

The Idaho Legislature recognizes the importance of health care to all Idahoans and has provided for accessibility to provider profile information on specified licensed professionals through the passage of Idaho Code 54-4503. The database, known as IDACARE, will enable the public to make a more informed decision about their health care provider.

The Patient Freedom of Information Act requires that Advanced Practice Professional Nurses (Certified Nurse-Midwives, Clinical Nurse Specialists, Nurse Practitioners, and Registered Nurse Anesthetists) provide information regarding their educational background, work history, disclosure of any final board disciplinary actions, criminal convictions, malpractice history, and other pertinent information as required by law. Information is updated at the time the license is renewed.
