STIPULATION SETTLEMENT
FOR ORDER OF LICENSE SUSPENSION

IT IS HEREBY STIPULATED AND AGREED by Charlotte Grace Trefren Eshelman (hereinafter "Licensee"), and the Idaho Board of Nursing (hereinafter "Board") that, without adjudication of any issue or fact or law herein, and without Findings of Fact to confirm allegations:

1. A Petition for License Revocation or Suspension was duly served upon the Licensee through her attorney on November 6, 1981;

2. Licensee voluntarily agreed to monitoring of her practice through an agreement signed on November 10, 1981;

3. This Stipulation shall constitute the entire record and shall be presented to the Board of Nursing members at their May, 1982 meeting;

4. In the event the Board in its discretion does not approve this settlement, or a lesser remedy than indicated in this settlement, then and in that event, this Stipulation is withdrawn and shall be of no evidentiary value and shall not be relied upon nor introduced by either party hereto;

5. Licensee does not contest the facts herein and grants that the Board may consider the following as true, without prejudice in any current or future proceedings of the Board:
That while licensed as a registered nurse in the state of Idaho, the Licensee did perform approximately twelve deliveries of infants of healthy mothers who had received prenatal care under physician direction over a year's period of time without full knowledge of a Board of Nursing Rule that prohibits performance of such functions except by a Certified Nurse Midwife who is also approved as a Nurse Practitioner, and

That when the Licensee was informed of the Board's requirements, the practice of delivering infants was immediately discontinued; and

That the Licensee cooperated fully during informal proceedings.

6. Upon this Stipulation and without further notice of proceedings, the Board may, in its discretion, issue an Order of License Suspension, which is attached hereto and made a part hereof.

DATED THIS 11th day of May, 1982
