)  CASE NO: 95-09

COMES NOW, Complainant, Leola Daniels, R.N., Executive Director of the Idaho Board of Nursing, and requests the Board to revoke or suspend the license of Deanie Nalida Dumas Hendricks to practice nursing in the State of Idaho. This Complaint and these proceedings are instituted upon the following grounds:

That the licensee has been grossly negligent or reckless in performing nursing functions, has violated standards of conduct and practice as adopted by the Board of Nursing and has engaged in conduct of a character likely to deceive or endanger patients or the public by virtue of the following:

1. On or about 1993-1994 while employed in a physician's office, provided, on at least 4 occasions without authorization, samples of prescription medication that physicians receive from pharmaceutical companies to acquaintances (antibiotics, anti-inflammatory drugs).

2. On or about December 25, 1994, while employed as a licensed practical nurse at Cascade Care Center, Caldwell, Idaho, documented inappropriate and unrelated information in a resident's progress notes ("Do unto others as you would want done unto") and then removed from the medical record and destroyed progress notes for December 23 through December 25, 1994. The licensee reported that she had trouble staying awake and displayed flighty and hyper activity.

3. On or about January 28, 1995, admitted to a police officer that she had used and sold methamphetamines.

4. During a meeting with professional Board of Nursing staff on February 23, 1995, stated she had had a psychological evaluation done in November, 1994, and that she would authorize release of the document to the Board of Nursing. She also stated that she was taking diet pills for weight loss. She agreed additionally to submit a drug/alcohol evaluation if requested.
5. The licensee was sent a letter on March 2, 1995, March 31, 1995 (Certified Mail), August 22, 1995, October 24, 1995 (Certified Mail), notifying her that the psychological evaluation had never been received. The licensee telephoned the Board of Nursing office on May 1, 1995, and left a message that she had signed a release for submission of the report. The report has never been received and the licensee has not responded further.

The undersigned Leola Daniels, believes that the described conduct of the licensee is in violation of Section 54-1412 (a) (4), (7), and (8) IDAHO CODE, and of Board of Nursing Rules, IDAPA 23.01.01100.05, 08.(b), 09.(b, d and e); and 23.01.01370.13., 14., and 16.

ANSWER TO COMPLAINT

Enter your answer below, sign, date and return this form within twenty-one (21) days after you receive it, to:

IDAH0 BOARD OF NURSING
280 North 8th Street, Suite 210
(Mailing - PO Box 83720)
Boise, Idaho 83720-0061

Failure to return this form within twenty-one (21) days of receipt will constitute a waiver of hearing and will result in the Board of Nursing making a finding that you do not contest the allegations in the Complaint. Upon such finding the Board will enter an Order to include possible suspension or revocation of your license to practice nursing in the State of Idaho.

Instructions: Indicate your desired responses and mail this form to the address stated above.

1.  ______ I do request a hearing on this matter.
    XXXXX I do not request a hearing but do request a settlement offer.
      (Enclose documents and statements you wish to have considered to formulate the settlement offer.)
    ______ I wish to waive my right to a hearing and voluntarily surrender my license. (Enclose current licensure certificate if this option is selected.)

2.  ______ I will be represented by an attorney.
    XXXXXX I will not be represented by an attorney.

    The name and address of my attorney is:

3.  I ADMIT the following allegations in the Complaint:  (State "ALL" if you admit all allegations.) #1 w/exception; #3-all; and #4-all.

    see reverse side for explanation:
3. #1- I admit having provided a friend and a family member with samples of antibiotics and anti-inflammatory drugs obtained from Dr. Bills' office, but not without his knowledge and authorization. He was completely aware that myself, as well as the rest of the staff, possessed these drugs. I always cleared my actions with Dr. Bills first.

5. #2- In regards to having documented inappropriate and unrelated information in a resident's progress notes ("Do unto others as you would want done unto..." ) is incorrect. What I wrote was ("Hoping for an early release from jail for Christmas"). In addition, as for having removed and destroyed progress notes for 12/23/94 - 12/25/94, these dates are incorrect. I did remove one page in the nurses notes of the medical record which consisted of: Chart note dated for 12/24/94 3p.m.-11p.m. shift and chart note dated for 12/24/94 NOC shift and the chart note dated 12/25/94 7a.m.-3p.m. shift made by myself due to the inappropriate statement charted by me. I knew this was against policy and procedure, but did not know how else to handle it. I had been working 12 days on 2 days off. rotating 4 different shifts between two jobs since my separation from my husband 3/94. I was very fatigued and under a great deal of emotional stress worrying about my boyfriend who was in jail at the time, and I was working day shift on 12/25/94 from 4:45a.m. until 3:30p.m. and was in charge of West Wing and the Medicare Wing by myself. This consisted of an abundance of charting at the end of my shift d/t medicare charting, incident alert charting, and antibiotic therapy charting, approximately 20 patients' charts, I was over tired and apparently dozed off while charting for a brief moment, yet my pen and hand continued to write, and this is exactly how and why I wrote the above mentioned quote and why I did what I did in regards to removing and destroying the chart notes stated above. If I had it to do over again I would indeed handle things differently. As for having trouble staying awake, yes, I was tired as well as stressed out d/t reasons previously stated. As for displaying flighty and hyperactivity, I disagree; I reported to work on 12/25/94 on time (early) as usual, performed all my duties accurately and efficiently with one exception, the inappropriate documentation in the resident's chart and destroying said documentation; If I had been exhibiting flighty behavior, how could I have possibly completed all my duties that day? As for exhibiting hyper activity, I merely carried out the assigned duties that went along with West Wing and the Medicare Wing assignments by myself when there should have been 2 nurses assigned instead of one. I thought I could handle both wings as I did numerous times before; by coming in early to start taxes, skipping my lunch break, and staying after my shift until all duties and charting were completed; apparently I was mistaken, as evidenced by, my inappropriate documentation in a resident's chart and then removing said documentation to destroy it. This does not constitute hyper activity. I was merely working my butt off to assure that all duties were completed as I did every shift I worked while employed by Cascade Care Center.

#5- In regards to not responding any further since May 1, 1995 is incorrect. Upon receipt of the Certified letter of 10/24/95, I did indeed contact the Idaho Board of Nursing to verify that Dr. Mowry's letter regarding the psychological evaluation, still had not arrived. I then immediately upon hanging up contacted Dr. Mowry's office in Ontario, Or. to find out why. I spoke with Dr. Mowry himself, and the explanation given to me was that the report contained information regarding my ex-husband as well as myself, so he could therefore not send it. I asked him if he could write a letter explaining this and he said he would, but he was very busy and wouldn't be able to do it immediately.
ANSWER - 2

4. I DO NOT CONTEST the following allegations in the Complaint. (State "ALL" if you do not contest any of the allegations.) #1 w/exception; #3-all; and #4-all.

5. I DENY the following allegations of the Complaint. (State "ALL" if you deny all of the allegations - use reverse side if needed.) #1-partly; #2-partly; and #5-partly. See reverse side of page 1 for explanations.

6. XXXX I have attached a statement in my defense of the allegations.

_____ I have not attached a statement in my defense of the allegations.

You have the right to:

1. an opportunity for a hearing.

2. be represented by an attorney at your own expense.

3. subpoena witnesses, or the production of documents through the Board of Nursing.

January 11, 1996

I, Deanie N. Hendricks, do hereby request of the IDAHO BOARD OF NURSING to consider this statement in formulating a settlement offer in regards to the allegations of this answer to complaint.

I fully understand that I was in violation of Sections 54-1412 (a)(4)(7) and (8) Idaho Code, and of Board of Nursing Rules, IDAPA 23.01.01370.13, 14., and 16..

The reason I chose nursing as a professional career is because I appreciate the opportunity as a Licensed Practical Nurse to be able to help others who are in need. I would like to come to an agreement so that I may remain a LPN in the states of Idaho and Oregon and may continue to be of public service.

My proposal to the IDAHO BOARD OF NURSING is as follows: I, Deanie N. Hendricks, will voluntarily surrender my nursing license for a short period of time until I have completed a Drug and Alcohol Rehabilitation program. Then, upon completion, I will provide the Board of Nursing with documentation of completion at which time I request that my nursing license be reinstated and that I be placed on a period of probation to evaluate my performance and progress. In addi-
tion, I would like to assure the members of this Board that my name shall never reappear before the IDAHO BOARD OF NUR-SING ever again.

I have learned from my mistakes and am currently building my own business as a distributor for Majestic Filter Queen Air Filtration and Total Home Care Sanitation Systems. My goals for the next five years include:

1. To open my own store as a distributor for Health-Mor Industries Incorporated working as a branch manager, and be successful.

2. To open and manage at least one Adult Foster Care home.

3. To attend my mother's graduation in Poteau, Oklahoma from the RN program on June 28th of this year along with my sister from CA., her kids, and my kids. She turns "49" Feb. 11th and is a straight "A" student!!!

4. To settle down and perhaps remarry.

5. To spend a lot of time with my kids.

6. To remain clean and sober.

Thank you for your time and all considerations in this matter.

Sincerely,

Deanie N. Hendricks
