The renewal period for licensed professional nurses was completed on August 31, 2011. As of midnight on August 31st, 16,232 RNs and 939 APPNs had renewed licenses, 93% of them on line. Late renewals will continue to be processed as received until August 31, 2012. Licenses renewed on-line were mailed within two-three days. A large number of renewal postcards were returned to the Board office by the Post Office because of a change in address. In accordance with Board Rule: 23.01.01.008., licensees are responsible to provide the Board with changes in name and/or address. Rather than relying on a paper wallet certificate as proof of licensure, employers are encouraged to utilize the Board’s Website (www.ibn.idaho.gov—Quick Links—License Search) to verify current licensure and print a primary source verification of current license from the web site. Licensees who continue to practice nursing in Idaho without benefit of current licensure, may be assessed an administrative fine of up to $100.00 for each separate offense not to exceed $1000.00. During the period from September 1 through October 31st, the Board collected over $3,475 in administrative fines from nurses practicing without current licensure.

Program for Recovering Nurses

Unsafe behaviors resulting from mental and health disorders or substance use disorders pose a safety risk to the public and are grounds for Board discipline. However the Board believes that nurses who are actively engaged in recognized recovery methods do not represent a threat to the public. The Program for Recovering Nurses (PRN), guides nurses into treatment and rehabilitation and monitors their return to safe, effective practice while in essence sparing their nursing license by not following a process of formal disciplinary action. If you know of a colleague who is no longer able to practice safely because of a substance use or mental health disorder, or you, yourself are suffering from one of these primary illnesses contact the PRN at 800-386-1695 or visit them online at www.southworthassociates.net. PRN is a non-public program, meaning that your participation will not be reported publicly.

The Mission of the Board of Nursing is to regulate nursing practice and education for the purpose of safeguarding the public health, safety and welfare.
Duplicate Licenses Issued

The following persons were issued duplicate licensure certificates during the period January 1, 2011 – November 30, 2011. Original certificates were reported as lost, stolen, never received in the mail or were re-issued because of a name change. Duplicates are identical to original certificates with the exception of the word “DUPLICATE” printed on the license. Please notify the Board of Nursing immediately should anyone present one of these certificates without the word “DUPLICATE” printed on the document.

**Confirm your Employee’s License — visit the Board’s revised Website.**

Verifying a license is even easier now — you can check RN/LPN/APRN licenses by going to—www.ibn.idaho.gov—Click on Quick Links, then License Search and enter the nurse’s name and Start Search. You can print a Primary Source Verification of the license information for your records. The website updates license activity a minimum of three times a day.

You CANNOT verify Temporary Licenses or Limited License for RNs, LPNs, or Advanced Practice Professional Nurses (CNM, CNS, NP or RNA), on the website; however, you can check these licenses by dialing (208) 334-3110 extension 2476.

**Note:** Beginning March 1, 2012, the Board will no longer issue paper wallet licensure certificates. Licensure verification will be accomplished on-line at the Board’s website, through the centralized nurse licensure database at Nursys.com or by contacting the Board of Nursing at (208) 334-3110.
